MRS. GUNNESS WAS NOT SLAIN

Letter From Chicago Man As-
serts She Is Alive.

VISITED RUINS OF HER HOME

Writer of Missive Claims He Accom-
panied the Laporte Woman When
She Returned to Get Valuables She
Had Hidden—Says Mrs. Gunness
Herself Set Fire to the House After
Poisoning Her Children.

Laporte, Ind., Nov. 23.—Attorney
Worden, who is defending Ray Lam-
phere, now on trial for the murder of
Mrs. Gunness and her children, has
made public a letter which was re-
ceived Sunday by special delivery by
his law partner, Mayor Lemuel Dar-
row. The writer, whose full name and
address is withheld by Mr. Worden,
says he knows that Mrs. Gunness is
alive and says that he was the man
who accompanied her to the Gunness
farm on July 9, the date on which D.
M. Hutson and his daughter say they
saw Mrs. Gunness and a man drive
away in a buggy. The letter to Mayor
Darrow, which is dated Chicago, Nov.
21, 1908, is as follows:

"Dear Sir—I hope you will see that
this letter gets into the right hands
so that it will help the poor innocent
man, Lamphere, that they have on
trial for burning Mrs. Gunness' house
and herself and children.

"Mrs. Gunness set fire to the house
and was twenty miles away when it
took fire. She poisoned the children
beforehand. The body with no head
was one of her victims who she killed
some ten days previous. She cut off
the head so people would think it was
her. The arm was cut off at the same
time. The head was buried on the
place, as all of the body would have
been, but before she had time to do
the job she was afraid of being found
out. So she made up her mind to
cover up all her work.

"The children would have been a
burden to her to get away.

"The man and woman and two chil-
dren did see Mrs. Gunness and myself
on the ninth of last July. We were
here at the house to get some valua-
bles she had hid on the premises.
Mrs. Gunness was afraid of Lamphere
and would have killed him in less than
two weeks if she had remained there.
It was getting pretty hot for her so
she had to get out.

"Mrs. Gunness is alive and well. I
got a letter from her no more than
five days ago and she hoped Lam-
phere would get hung or life sen-
tence, but I could not think of him,
an innocent man, being so treated.

"Now, I tell you again Lamphere
is innocent and should be acquitted
at once. Hoping that you will see
this letter will do him some good I
remain,
Yours for Justice,"
—L. O. M."

Mr. Worden said that he had been
trying to reach the writer by tele-
phone in order to have him come to
Laporte to testify, but so far he has
failed to find him. Detective Fish for
the defense may go to Chicago to try
to see the man.

HOOF AND MOUTH DISEASE

Hundred Head of Cattle in Michigan
Afflicted With It.

Detroit, Nov. 23.—Dr. F. J. Fless of
the local branch of the bureau of ani-
mal industry, with two other veterina-
ries, inspected the herds of cattle in
Livonia township, twenty miles from
this city, in which hoof and mouth
disease is suspected. Four farms
were inspected and about 100 cattle
found which are afflicted with the sus-
pected disease. After his inspection
Dr. Fless said that he would not state
positively that the cattle have hoof
and mouth disease, as the sickness
resembles in some respect mycotic
omatitis. He reported the situation
to the bureau of animal industry at
Washington with a request that ex-
perts be sent at once to further ex-
amine the suspected herds, which
have been placed in quarantine. It is
said that the first outbreak of the sus-
pected disease occurred after some
cattle had been received at Shaw
cross farm from the Detroit stock
yards.

No Bodies Yet Recovered.

New York, Nov. 23.—Confronted
with almost insuperable difficulties,
the big force of workmen engaged in
digging in the Brooklyn sewer trench
where fifteen men lost their lives in
a cave-in, on Friday last have so far
been unable to penetrate deep enough
to the masses of debris to get a
piece of a single one of the victims' bodies.

WALFARE ON THE GRIDIRON

Exactd a Fearful Toll of Life and
Limb This Season.

Chicago, Nov. 23.—Gridiron war-
fare, after exacting a fearful toll dur-
ing the season of approximately sixty
seven days, reached its finale Satur-
day, the record of deaths and injuries
showing a surprising increase. Up to
last week the statistics showed ten
deaths and 290 injuries to be directly
due to football.

During the past week another play-
er succumbed to injuries, while four
teen athletes were borne to the side-
lines and later to hospitals, suffering
with broken legs, fractured collar
bones, splintered ribs and other
wounds commonly resulting from the
game. The record of eleven deaths
and 304 injured scarcely tells the story
of the season of 1908, for other con-
tests remain on the schedules for this
season.

VENDETTA BEGUN IN SERBIA

Ends in a Bloody Tragedy at Alborn,
Minn.

Duluth, Nov. 23.—A vendetta which
had its start in Serbia ten years ago
had a bloody climax at Alborn, near
here, when Lazzo Evanich's head was
split open with a lumberman's axe.
Two blows were delivered and each
penetrated the brain. Four men are
suspected of being implicated, but
they maintain absolute silence. Other
Serbians told the police the crime
grew out of an old family feud. Evan-
ich was struck while he was stooping
to drink from a pail of water. He is
still alive, but his case is hopeless.

WILL NOT GRANT A CONSTITUTION

Shah of Persia Issues Procla-
mation to That Effect.

Teheran, Nov. 23.—The shah of Per-
sia has definitely decided that the peo-
ple shall not have a constitution and
his proclamation to that effect will
be posted in the mosques. It has been
evident for some time past that the
shah was becoming less and less dis-
posed to summoning parliament, and
only recently during an audience
which he gave to the representatives
of the merchants he showed signs of
anger at the mention of the restora-
tion of the constitution and dismissed
the delegates from his presence. In
his proclamation, the shah says:

"We were prepared to redeem our
promise and convoke a parliament,
but we learn from the assembled rep-
resentatives of the people that they
do not want a constitution. We have,
therefore, decided to defer to their
wishes and the clergy and ecclesias-
tics having recognized that the estab-
lishment of a parliament would con-
flict with the laws of the Islam, we
determine that in the future under
no pretext shall such a parliament be
established.

"Nevertheless, in the interests of
right, we have given the necessary
instructions for the maintenance of
justice. We hereby summon the ec-
clesiastical body to communicate to
the whole people this, our resolve, to
protect the rights of our subjects
and frustrate the wicked designs of
evildoers in accordance with the reli-
gious law."

The "maintenance of justice," to
which the shah refers, apparently has
to do a long standing scheme to codify
the laws.

The British and Russian ministers,
who have been engaged in an attempt
to influence the shah to restore the
constitution, are now expected to
bring stronger pressure to bear in
this direction. The financial crisis,
together with the long unpaid arrears
in the salaries of the government offi-
cials and the army, also is likely to
aid the constitutional agitation.

TURKEY FOR THE PRESIDENT

Horace Vose Sends Big Bird to the
White House.

Westerly, R. I., Nov. 23.—The Rhode
Island turkey which Horace Vose
sends to the president, according to
his annual custom, to grace the table
of the White House on Thanksgiving
day, went on the execution block Sun-
day and has been shipped to Wash-
ington. It is the best of a lot of
chestnut-fed birds which have been
selected and specially reared as can-
didates for the distinction. The bird
weighs twenty-six pounds.

President Grant was the first occu-
pant of the White House to receive a
Thanksgiving turkey from the Vose
flock, and each year since then the
gift has been renewed.

"MICHAEL'S" Furs

Are Good Furs

Easily said but just as easily proven. We select
our furs with care and know that our experience
will assure good furs.

Black Lynx

Blended Mink

Siberian Squirrel

Isabella Opossum

Southern Beaver

Isabella Fox

Black Wolf

Japanese Mink

Sable Squirrel

Hudson Bay Beaver

Brook Mink

Black Opossum

These furs are shown in the very latest styles of
scarfs, muffs, including the new rug muffs.

For the Children

You will be delighted with the children's furs. We
have the kind that you can "tub," that is, you can
wash them most satisfactorily.

W. H. Michael Co

"Wink, The Wizard" will paint for YOU
in our window every day this week and on
Wednesday and Saturday evenings.

HUNDREDS OF LIVES IN PERIL

Steamers Collide in a Fog Off
New York City.

PANIC AMONG PASSENGERS

Wild Scene Enacted on the Decks of
the Vessels After Collision—Pres-
ence of Mind of One of the Captains
Prevented Loss of Life—Kept the
Two Ships Locked Together Until
Excitement Had Subsided.

New York, Nov. 23.—The lives of
more than 500 persons were imperilled
when the fruit steamer Admiral
Dewey, inward bound from Jamaica
crashed into the steamer Mount Des-
ert, outward bound from Bay Ridge
for the fishing banks. The Admiral
Dewey, coming suddenly out of a fog
bank, struck the Mount Desert al-
most amidships, opening a gash in
the fishing vessel that extended from
the upper deck to the water's edge.
There were 450 passengers, including

20 women and 6 children, on the
Mount Desert and the Admiral Dewey
carried 45 passengers.

Panic immediately followed the col-
lision and it was due to the prompt
action of Captain Davidson of the
Dewey that a catastrophe was aver-
ted, for the passengers on the fishing
steamer began climbing over the guard
rails of that vessel and leaped for the
deck of the Admiral Dewey. Had he
backed his steamer away many would
have fallen into the water. Captain
Davidson kept the steamer moving
slowly ahead and this held the prow
of the fruit steamer into the rent that
had been made and afforded a board-
ing place for the frightened passen-
gers of the Mount Desert.

Thus the two steamers moved slow-
ly toward the east bank of the lower
bay, while a wild scene was taking
place on the decks.

In the space of fifteen minutes fully
350 of the passengers of the Mount
Desert sprang to the deck of the Ad-
miral Dewey. By this time the Ad-
miral Dewey had pushed the Mount
Desert close to the east bank, and
Captain Davidson signalled to have
the engines stopped and a few min-
utes later the boats drifted apart.
Later the Mount Desert steamed to
South Brooklyn, where she docked to
permit the rest of the passengers to
go ashore. Meantime the Admiral
Dewey had been taken up the river to
her pier, where her own and the pas-
sengers from the Mount Desert were
landed.

REAPPORTIONMENT will be one of the measures that will occupy the time of the next legislature. The wires are already being laid by the interested ones.

THE Minneapolis Journal picks Johnson as a winner in the race now on for speaker of the next house. Johnson, Johnson, there seems to be a familiar sound in the name that will not down.

THOSE who claimed Judge Mills was a weak candidate and an unpopular one should scan the vote closely. He received more votes than either of the other candidates for railroad and warehouse commissioner.

DURING the coming session of the legislature what will be known as a "people's lobby" will be in evidence to counteract any influence the lobby of the "interests" may have. It is a Minneapolis creation.

THE brewers of Minneapolis are taking steps toward retiring from the saloon business in response to a public demand. At present more than 75 per cent of the saloons of the twin cities are owned or controlled by the breweries and wholesale liquor dealers.

SCORE one for the voting machines, as through their instrumentality the four amendments to the constitution voted on at the last election were killed, the vote of Hennepin county where the machines were in use being sufficient to at least swamp the county superintendent amendment, the one which was thought would carry without serious objection.

The machines caused so much trouble to the voters that when they reached the amendment part of the ticket the same was passed without attention. A constitutional amendment to be adopted requires a majority of all votes cast, and the lack of knowledge of what the amendments mean to the people who would vote for them under ordinary circumstances causes them to pass the question entirely and this lack of interest is what usually does the harm when even a meritorious amendment is before the people.

Alfred Parsons, of Little Falls, who recently underwent a surgical operation at the Northwestern hospital, has so far recovered that he left for his home today.

Mr. and Mrs. W. A. Laidlaw, of St. Paul, were over Sunday guests of Dr. and Mrs. Courtney. Mr. Laidlaw is secretary of the Northern Pacific Beneficial association.

Miss Selma Woerner underwent a surgical operation this forenoon at the

NO DYSPEPSIA AFTER TODAY

Prompt Relief from Indigestion and all Your Stomach Trouble

RELIEF IS WAITING FOR YOU

Don't Continue to Suffer when such Absolute Relief is so Handy and Certain

Why not start now—today, and forever rid yourself of stomach trouble and indigestion? A dieted stomach gets the blues and grumbles. Give it a good eat, then take Pape's Diapepsin to start the digestive juices working. There will be no dyspepsia or belching of gas or eruptions of undigested food; no feeling like a lump of lead in the stomach or heart-burn, sick headache and dizziness, and your food will not ferment and poison your breath with nauseous odors.

Pape's Diapepsin costs only 50 cents for a large case at any drug store here, and will relieve the most obstinate case of indigestion and upset stomach in five minutes.

There is nothing else better to take gas from stomach and cleansed the stomach and intestines, and besides, one triangle will digest and prepare for assimilation into the blood all your food the same as a sound, healthy stomach would do it.

When diapepsin works, your stomach rest—gets itself in order, cleans up—and then you feel like eating when you come to the table, and what you eat will do you good.

Absolute relief from all stomach misery is waiting for you as soon as you decide to begin take Diapepsin. Tell your druggist that you want Pape's Diapepsin, because you want to be thoroughly cured of indigestion.

UNIQUE CHANGES HANDS

Ernest H. Ilse Sells Laurel Street Theatre to W. H. Koop Who will Conduct it

Will H. Koop today purchased the Unique theatre of Ernest H. Ilse and will take possession on Monday next. Mr. Koop informs the DISPATCH that there will be no change in the working force of the theatre, for the present at least, and that he will endeavor to keep the play house at the high standard it already has and if possible to improve it. Mr. Ilse will continue in the same or a similar business somewhere else, but has not fully determined where. The gentlemen went to Aitkin on the train this afternoon to visit Mr. Ilse's theatre there.

Northwestern hospital. She is resting easily this afternoon and a speedy recovery is expected.

Geo. A. Jones, manager of the Brainerd Milling company, left for his home in Minneapolis this morning after spending Saturday afternoon and Sunday in this city.

Misses Anna Caulfield and Daisy Graham went to St. Paul on the early train this morning. They will spend a week there visiting and enjoying the sights of the cities.

Mrs. P. H. McGee and daughter Gladys, and Mrs. Maxfield, of Aitkin, came down yesterday. Miss Gladys was brought here to undergo a surgical operation at a local hospital.

Rev. W. J. Trussell returned to his home in Champlin, Minn., on the early train this morning after having preached at the First Congregational church Sunday morning and evening.

DR. BRUNS will be at the Ransford Hotel tomorrow and Wednesday. Those in need of glasses should make it a point to come early in the day. Eyes examined free.

INSTITUTE WAS
A HELPFUL ONE
Sessions of Farmers' Institute
Saturday Were Full of In-
terest to all
LARGEST EVER HELD HERE
Both the Attendance and the In-
terest Easily Eclipsed any
Previous Effort

As stated in Saturday's DISPATCH, the farmer's institute held in Brainerd on that day was one of the most interesting and instructive ever held in Brainerd. The weather was beautiful and the farmers came in from far and near to attend the forenoon session comfortably filling the seating capacity of the district court room. The instructors, F. B. McLaren, of Wrenshall, C. E. Brown, of Elk River, and N. E. Chapman, of Owatonna, divided the time at each session. Mr. McLaren, who is in charge of the work, opened the session with a few general remarks after which Mr. Brown took up the question of crop rotation. He urged this strongly, because of the fact that certain crops put back into soil what others removed and vice versa.

One of the crops in rotation he urged should be clover, with some timothy. The reason for the latter is that should the clover winter kill the first year in spots, because of shallow pools of water standing on the frozen ground, then the timothy will come up and give a crop of hay over the entire field. Mr. Brown advised that the clover be sowed with oats, wheat or barley one year, allowed to raise a crop of hay the next, then be plowed under. He did not deem it advisable to try to secure more than one year's crop from it at each sowing.

Mr. Brown was followed by N. E. Chapman, who talked on the farmer's garden. Mr. Chapman believes that the man who gets a square meal gets a square deal, and that if the farmer does not get three square meals a day it is his own fault because he can raise every essential part of it himself, and what he cannot raise he can trade the stuff he does raise and get. He declared for a farm garden of not less than five acres, including asparagus, rhubarb, strawberries, etc. He says there is no reason why the farmers should not live the best of any class in the world instead of the poorest, as is often the case. Mr. Chapman told how he handled a five-acre garden near Owatonna, and of the good things to be had from it. He advocated planting everything in long rows so that they could be cultivated with the corn plow, thus making it very little work, in comparison to the results, to raise a large garden. He planted peas and beans on the ground after digging his early potatoes and had green peas and string beans as late as the 12th of October. Some straw was kept alongside of the rows of beans to cover them up at night should the weather turn cold. He maintained that the variety of food which could be had without cash outlay with a good, large garden, was an important factor in keeping the family healthy and contented.

Mr. McLaren then took up the question of the dairy cow. He started out by saying that the men who declared they could tell by the looks of a cow how much butter fat she would give in the year were away off. No man can tell that by looking at a cow any more than a horseman can tell by the looks of a horse whether he can make a record of 2:30, 2:15 or 2:05. A horseman can tell when a horse is built for a trotter and when for a draft horse, a cow man can tell when a cow is built for a dairy animal or a beef producer. He then outlined the three main points to be looked for in selecting a dairy cow. First, a large "middle piece," or barrel. The digestive and assimilative organs, the heart and the lungs are in this portion of the animal; it is the manufacturing plant of the cow which turns the feed into milk and butter fat. Hence, the larger the capacity in this direction the better. The

second essential is a large roomy frame, which is usually an indication that the animal will naturally turn its food into milk rather than into beef. The third requirement is a good, large smooth udder with four large, evenly placed teats. The udder should be large that it may hold much milk and it have large, well placed teats that the operation of milking may be easy and speedy. Mr. McLaren declared that nearly every question arising in dairying could be answered by a daily weighing of the milk from each cow and then testing it at least once a month, oftener if possible. The daily weighing will show whether or not the farmer is getting pay for the feed he is buying. It will tell whether the cows are dropping off by being turned out of doors during cold weather, etc. In fact there are few if any questions arising in the dairy business which a systematic weighing and testing of the milk of each cow will not help to solve. Especially will it show which cows are paying the dividends and which are merely star borders.

At the afternoon session there was even a larger attendance than in the forenoon. The question of dairy feeding was discussed by Mr. McLaren. He advised the feeding of one pound of feed, exclusive of rough forage, for each three pounds of milk given. Nothing is more unfair to the cows or more unprofitable to the farmer than the feeding all the cows of the herd, regardless of size or capacity an equal ration. If root crops are to be fed, then the feed ration should be cut in two and four times the weight of the grain ration fed of root crops. For example, if a cow gives 12 pounds of milk she should be given four pounds of grain. If roots are to be fed then she should be given two pounds of grain and 16 pounds of roots. Mr. McLaren is strongly in favor of the Guernsey breed of dairy cattle. He does not believe in the dual purpose cow. It does not pay to keep a cow at a loss for ten years that one may get a few more dollars for her carcass in the end.

Mr. Chapman spoke in the afternoon upon poultry. He believes the old hen should be given a square deal. He showed that the poultry products of the United States amounted to over \$100,000,000 a year. In Steele county alone last year the dealers bought 5,141 cases of eggs.

Mr. Chapman urges cleanliness and comfortable quarters for poultry, as the main essentials. Comfortable quarters, however, do not necessarily mean hot ones. The old theory that the entire south side of the hen house should be of glass is fast being relegated to the rear. The lower half of the windows, according to Mr. Chapman should be of common muslin to let in an abundance of fresh air without a draft. A heavy curtain should be arranged so that it can be let down in front of the roosting place. The warmth of the fowl's breaths will keep their combs and feet from freezing, which is as warm a temperature as they should have.

Mr. Brown talked again in the afternoon on crop rotation and also on the raising of corn.

Mr. McLaren gave a talk on the cleaning of land of stumps, showing a model of a self tripping derrick for piling the stumps.

Geo. A. Jones, general manager of the Brainerd Milling company, was present at the afternoon session and addressed the farmers on the subject of wheat raising, stating that tests of Crow Wing county wheat made at his request by the government inspection bureau at Duluth, showed it to be second to none raised in the United States.

There was a very interesting question box, the queries being answered and discussed by Messrs. McLaren, Brown, Chapman and others present. The interest of the farmers and their wives, and there were quite a number of the latter present, was shown by the way they lingered after the sessions to ask additional information. The first year there was an institute held in Brainerd, there were so few farmers in attendance that a large majority of the "Institute annuals" were left uncalled for, while Saturday the supply run short.

BRAINERD NOW
SURE CHAMPIONS

High School Team Defeats St. Cloud Foot Ball Team in Hot Game Saturday

THE SCORE WAS 28 TO 5
Visiting Team Made up of Fine Fellows, but They Were Out Classed this Time

Brainerd High clinched its claims to the championship of north central Minnesota Saturday afternoon when it administered a crushing defeat to St. Cloud, the only team which has so far even approached being a match for Brainerd. The St. Cloud team only scored once, Robertson making a touch down on a spectacular run, when he escaped all the Brainerd players. In the first half Carlson, Alderman and Cullen each made a touch down. Horn kicked goal once. His failure to kick more successfully was because of the fact that St. Cloud insisted on using their own ball which was not a Spaulding and being slightly different in shape is hard for one accustomed to a Spaulding to kick accurately.

In the second half Carlson made a spectacular run and touch down and Ousdahl got a touch down. While the touchdowns are technically and properly credited to the men making them, in nearly if not every instance they had efficient aid from the other members of the team.

St. Cloud, though outclassed by Brainerd, put up a game fight and every score made by Brainerd was earned. They are also a very fine bunch of young fellows and were entertained Saturday evening at a high school dance at Elk's hall. A very pleasant time was enjoyed by all.

The Brainerd boys now claim, and justly, the supremacy of this section of Minnesota. They have not been beaten this year. St. Cloud tied them 0 to 0 a few weeks ago on the St. Cloud grounds, which is their narrowest escape from defeat. Both Grand Rapids and Duluth, are making newspaper claims of the championship, but they have not the record of unbroken victories to back it which Brainerd has. The former team, at least is extravagant in its claims. It has been defeated by Duluth Central high, and by Bemidji high. The latter beat Grand Rapids 5 to 0 and Brainerd took Bemidji into camp by a score of 12 to 0. Duluth has received two requests for a game from Brainerd, by letter, besides newspaper challenges but has maintained a silence which they evidently pretend to think means contempt, but which is read by the knowing ones as spelling fear. Competent judges who have seen both teams play say Brainerd, while lighter is the fastest team of the two.

On Thanksgiving the Brainerd high and the Perham high will meet on the McKay grounds in this city. Perham has been playing a good game this season, defeating the heavier and more experienced Wadena team and will put up a good game here. With good weather there will be a good crowd out, as there should be to give the boys a good financial lift.

Hexamethylenetetramine
The above is the name of a German chemical, which is one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical text books and authorities as a uric acid solvent and antiseptic for the urine. Take Foley's Kidney Remedy as soon as you notice any irregularities, and avoid a serious malady.
H. P. Dunn. m w f

If You are Over Fifty Read This
Most people past middle-age suffer from kidney and bladder disorder which Foley's Kidney Remedy would cure. Stop the drain on the vitality and restore needed strength and vigor. Commence taking Foley's Kidney Remedy today. H. P. Dunn. m w f

STORE ROBBED
SATURDAY NIGHT
O'Brien Mercantile Co.'s Store
Ransacked by Burglars who
Had Been Locked In
CLOTHING STOCK TURNED OVER

Safe, Which was Unlocked, had
Been Opened and Papers
Strewed Around Office

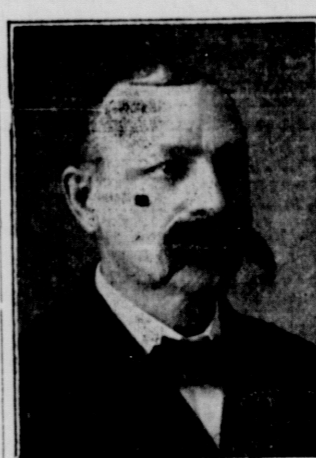

Someone pretty thoroughly ransacked the store of the O'Brien Mercantile Co., at the corner of Laurel and Broadway Saturday night. So far as it is known comparatively little stuff was taken however. When one of the clerks went into the store Sunday morning he found the piles of clothing strewn around as if someone had been trying to find clothing to suit them. The glove stock had also been ransacked. A couple of overcoats and a fur lined corduroy coat had been laid out near the door, and apparently left because the intruder had been scared away. The safe, which had been left unlocked, was open and the papers which it contained were scattered around the office. There was no money in the safe and so far as is known no papers of value were taken. The only things positively missed are two suits of underwear. There may have been some other clothing taken, but if so it is impossible to be certain of it. Jay Quinn, who works in the store was accosted on the street near his home on South Broadway about 11 o'clock Saturday night. The night was dark and the only description of the man is that he was large and wore a white hat. He grabbed Quinn by the shoulder. Quinn, who is a husky young lad, did not wait for any ceremony but struck out straight from the shoulder catching the fellow in the face and sending him to the grass. Quinn hit him a couple of kicks and the fellow took to his heels. It is of course, uncertain as to whether or not the assault and the robbery were connected in any way.

**To Redden
the Blood**

Rich, red blood.
That is what pale, weak, nervous people need.
Red blood to form new cells and tissues, to invigorate the nerves, to strengthen the heart's action, to give energy and vigor to the organs of the body.
The elements from which nature forms rich, red blood are found in condensed and easily assimilated form in Dr. A. W. Chase's Nerve Pills and because of its wonderful blood-building qualities this great restorative has become world famous.
There is no guess work, no experimenting with this treatment. Every dose is bound to do you a certain amount of good.
Mrs. H. HARBROUGH, Mansfield, Ohio, states:—"A child of mine was pale, bloodless, weak and nervous. Dr. A. W. Chase's Nerve Pills acted splendidly, making the nerves strong the blood rich, the color good, and building up the system in every way."
The portrait and signature of A. W. Chase M. D. the famous Receipt Book author, are on every box, 50 cents at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

Tiptonville, Tenn., Nov. 23.—While endeavoring to arrest three negroes who were creating a disturbance during services at a negro church near here, Deputy Sheriffs John Hall and Burras were seriously wounded. A posse is in pursuit of the negroes.

LOCAL NEWS NOTES

(Continued from page 2)

L. F. Newton assistant trainmaster on the Lake Superior division of the N. P., was in Brainerd today looking after the handling of the many trains of wheat being rushed through here daily.

Mr. and Mrs. Geo. H. Hoyt are the proud and happy parents of a bouncing baby boy which arrived last Saturday afternoon at St. Joseph's hospital. Mother and child are getting along nicely.

The hunters are returning from the woods in large numbers. The weather has been altogether too fine for successful hunting, and though some got the limit, many more returned empty handed.

M. K. Swartz, Floyd Seeger and H. T. Skinner enjoyed a rabbit hunt yesterday, returning with a good bag. Rabbits are reported very plenty in some places in this vicinity and very scarce in others.

Prof. Farmer, superintendent of the St. Cloud City schools, came up with the foot ball team and visited Prof. Harkey and other friends until today noon, when he left for home, going by way of Staples.

Court Magnolia, No. 54, United Order of Foresters, will give a masquerade ball in Columbian hall next Friday evening, Nov. 27. There will be good music in attendance and everybody cordially invited.

Hon. Judd LaMour returned today from a visit to his summer home at Nisswa, which he closed for the winter. He went to Minneapolis today and from there goes to his home in Pembina, N. D.

Mrs. M. Gou, of Seattle, who has been visiting her sister, Mrs. Bert Olson, the past two weeks, left this morning for Minneapolis. From there she goes to her old home in Norway to spend the winter.

Rev. Father Weurm, of Aitkin, was in the city today on his way home from St. Mathias, he having gone down Saturday to exchange pulpits with Rev. Father Bossus, of that place who was in Aitkin Sunday.

There were two cases up in the municipal court this morning charged with being drunk. Dave Abear had his case continued on his promise to go before Father O'Mahoney and take the pledge for a year.

Mrs. Wm. F. Dieckhaus, who underwent a critical surgical operation at the hands of Dr. Nicholson at the Northwestern hospital Saturday, is getting along nicely and speedy recovery is expected.

In reporting the card party given by Iola Council, No. 15, D. of P., in Columbia hall Friday evening the compositor forgot to mention that Mrs. John Mutch on Fifth street south was awarded the second prize.

Jack Doyle, a fireman on trains 9 and 10, between here and St. Paul, and Charles Isle, of Esdon, returned from a hunting trip last night. Mr. Doyle brought in two fine bucks which he took to the city this morning.

Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system. Refuse any but the genuine in the yellow package. H. P. Dunn. m w

No. 14, the early train to Duluth was two hours and 40 minutes late this morning, having been held at Staples for the coast train, No. 4. The crew of No. 14 were unable to tell the cause of the delay of the coast train.

C. N. Sonnesyn, Geo. A. McKinley and Attorneys A. D. Polk and A. T. Larson went to Mankato Sunday night on business. They expect to be absent several days. Mrs. A. D. Polk

accompanied her husband as far as Minneapolis.

Mr. Will Hudson, of Minneapolis, returned home yesterday after making a week end stay with his sister, Mrs. Geo. Williams. Mrs. Williams entertained Friday evening in honor of Mr. Hudson. Cards were played, and a Dutch lunch served.

If you suffer from constipation and liver trouble Foley's Ornio Laxative will cure you permanently by stimulating the digestive organs so they will act naturally. Foley's Ornio Laxative does not gripe, is pleasant to take and you do not have to take laxatives continually after taking Ornio. Why continue to be a slave of pills and tablets? H. P. Dunn. m w f

C. W. Koering returned today from Little Falls and Pierz, where he purchased 1500 pounds of poultry. Mr. Koering visited the new town of Pierz, which is located on the new Soo line about a mile and a half from the old town of the same name, and purchased a lot while there.

Theo. R. Jones, representative of the Acme White Lead and Color Works, of Detroit, was in the city over Sunday. Mr. Jones is covering this territory in company with M. W. Richards, salesman for the Kelley-How-Thompson Co., of Duluth, that company being agents for the Acme output.

A. J. Forsythe returned Saturday afternoon from a months visit to the Paradise, Mont., Hot Springs. He returns much improved in health. Everything is booming in the western country according to his reports. The company has built 30 cottages at Paradise.

Notice

Ladies and girls, over 15 years old, free admission and skates every afternoon this month. Come in and learn to skate any afternoon. We will have an instructor on hand to teach you. If you know how to skate you can have a pleasant time.

CASINO ROLLER RINK,
E. C. Bane, Mgr.

B. F. McLaren, who conducted the Farmer's Institute Saturday, left for his home in Wrenshall. Mr. Brown left Saturday night for his home at Elk River and Mr. N. E. Chapman went to Minneapolis Sunday, where all met today. The institute workers of the state met at the experiment station at the University of Minnesota today for a few days of normal training.

There will be a meeting of the church committee of the First Congregational church at 7:30 o'clock this evening at the church. At 8 o'clock the members of the church and congregation, including all interested in the welfare of the church will meet. These meetings are to consider the matter of extending a call to the pastorate to Rev. W. F. Trussell, of Champlin, Minn.

Major Shunk and Mr. Henry, of the United States Engineer's office at St. Paul went to Pine River Saturday, returning today after an inspection of the dam and dikes there which they report in good shape. They drove to Gull lake this afternoon to look up matters in connection with the proposed reservoir to be established there.

Money to loan on city property and improved farms.

GEORGE H. GARDNER,
5 Wise Block tf

The W. C. T. T. will hold its regular monthly meeting Tuesday afternoon with Mrs. C. H. Paine, 311 North Fifth street. There will be a business session at 3:00 o'clock, at which important business will be presented. All members are urgently invited to be present. Supper will be served from 5:30 to 7:30, price 15 cents, to which all are invited.

John Malgren and John Lindgren, of this city, who are employed as blacksmiths at the shaft of the Roger-Brown Ore Co., at Rabbit Lake, returned to their work this morning after spending Sunday at home. They report a force of 25 men at work grad-

Eleven Persons Injured.

Cleveland, O., Nov. 23.—Frank Steinwetz, motorman, was fatally injured and ten passengers were hurt when a heavy suburban car collided with a city car on Broadway. The suburban car in attempting to run up a grade slipped and ran backwards, crashing into the city car, which was following at a high rate of speed. Steinwetz, who was on the city car, lost both legs.

We are so certain that itching, bleeding and protruding piles can always be relieved and absolutely cured by this ointment that we positively guarantee satisfaction or money refunded.

A Significant Fact

No other medicine for woman's ills has any such professional endorsement as Dr. Pierce's Favorite Prescription has received, in the unqualified recommendation of each of its several ingredients by scores of leading medical men of all the schools of practice. Is such an endorsement not worthy of your consideration? Is it not a significant fact too that

Dr. Pierce's Favorite Prescription

Is the only medicine sold through druggists, for woman's peculiar weaknesses and ills, the makers of which are not afraid to print its every ingredient on its outside wrapper? Is this not worthy of your consideration if you are a poor sick invalid woman?

The formula of Dr. Pierce's Favorite Prescription will bear the most critical examination of medical experts, for it contains no alcohol, narcotics, harmful, or habit-forming drugs, and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of their several schools of practice. These authorities recommend the ingredients of Dr. Pierce's Favorite Prescription for the cure of exactly the same ailments for which this world-famed medicine is advised.

A booklet of ingredients, with numerous authoritative professional endorsements by the leading medical authorities of this country, will be mailed free to any one sending name and address with request for same. Address Dr. R. V. Pierce, Buffalo, N. Y.

It's foolish—often dangerous to accept a substitute of unknown composition in place of this time-tried medicine of known composition. Don't do it. Insist on getting what you ask for.

MILLIE ROSALINE GYPSY QUEEN

The World's Greatest Palmist lately arrived, informs the public of her wonderful powers in reading the history of one's life by examining the palm of the hand.

The Past, Present and Future

Advice given in all business matters and family affairs, lost and stolen property. She will tell you the initials of your future companions, whether true or false; tell you to what business you are best adapted; all about absent friends, whether living or dead, what planet you were born under; what part of the country is luckiest for you. This phenomenally gifted lady is now located in the city and can be consulted on all the affairs of life. She tells color of the eyes and hair of your future husband or wife and gives name. Call and consult her.

MRS. GUNNESS WAS NOT SLAIN

Letter From Chicago Man As-
serts She Is Alive.

VISITED RUINS OF HER HOME

Writer of Missive Claims He Accom-
panied the Laporte Woman When
She Returned to Get Valuables She
Had Hidden—Says Mrs. Gunness
Herself Set Fire to the House After
Poisoning Her Children.

Laporte, Ind., Nov. 23.—Attorney
Worden, who is defending Ray Lam-
phere, now on trial for the murder of
Mrs. Gunness and her children, has
made public a letter which was re-
ceived Sunday by special delivery by
his law partner, Mayor Lemuel Dar-
row. The writer, whose full name and
address is withheld by Mr. Worden,
says he knows that Mrs. Gunness is
alive and says that he was the man
who accompanied her to the Gunness
farm on July 9, the date on which D.
M. Hutson and his daughter say they
saw Mrs. Gunness and a man drive
away in a buggy. The letter to Mayor
Darrow, which is dated Chicago, Nov.
21, 1908, follows:

"Dear Sir—I hope you will see that
this letter gets into the right hands
so that it will help the poor innocent
man, Lamphere, that they have on
trial for burning Mrs. Gunness' house
and herself and children.

"Mrs. Gunness set fire to the house
and was twenty miles away when it
took fire. She poisoned the children
beforehand. The body with no head
was one of her victims who she killed
some ten days previous. She cut off
the head so people would think it was
her. The arm was cut off at the same
time. The head was buried on the
place, as all of the body would have
been, but before she had time to do
the job she was afraid of being found
out. So she made up her mind to
cover up all her work.

"The children would have been a
burden to her to get away.

"The man and woman and two chil-
dren did see Mrs. Gunness and myself
on the ninth of last July. We were
here at the house to get some valua-
bles she had hid on the premises.
Mrs. Gunness was afraid of Lamphere
and would have killed him in less than
two weeks if she had remained there.
It was getting pretty hot for her so
he had to get out.

"Mrs. Gunness is alive and well. I
got a letter from her no more than
five days ago and she hoped Lam-
phere would get hung or life sen-
tence, but I could not think of him,
an innocent man, being so treated.

"Now, I tell you again Lamphere
is innocent and should be acquitted
at once. Hoping that you will see
his letter will do him some good I
remain,
Yours for Justice,"
—L. O. M."

Mr. Worden said that he had been
trying to reach the writer by tele-
phone in order to have him come to
Laporte to testify, but so far he has
failed to find him. Detective Fish for
the defense may go to Chicago to try
to see the man.

WALFARE ON THE GRIDIRON

Exactd a Fearful Toll of Life and
Limb This Season.

Chicago, Nov. 23.—Gridiron war-
fare, after exacting a fearful toll dur-
ing the season of approximately sixty
seven days, reached its finale Satur-
day, the record of deaths and injuries
showing a surprising increase. Up to
last week the statistics showed ten
deaths and 290 injuries to be directly
due to football.

During the past week another play-
er succumbed to injuries, while four-
teen athletes were borne to the side-
lines and later to hospitals, suffering
with broken legs, fractured collar
bones, splintered ribs and other
wounds commonly resulting from the
game. The record of eleven deaths
and 304 injured scarcely tells the story
of the season of 1908, for other con-
tests remain on the schedules for this
season.

VENDETTA BEGUN IN SERBIA

Ends in a Bloody Tragedy at Alborn,
Minn.

Duluth, Nov. 23.—A vendetta which
had its start in Serbia ten years ago
had a bloody climax at Alborn, near
here, when Lazo Evanich's head was
split open with a lumberman's axe.
Two blows were delivered and each
penetrated the brain. Four men are
suspected of being implicated, but
they maintain absolute silence. Other
Serbians told the police the crime
grew out of an old family feud. Evan-
ich was struck while he was stooping
to drink from a pail of water. He is
still alive, but his case is hopeless.

WILL NOT GRANT A CONSTITUTION

Shah of Persia Issues Procla-
mation to That Effect.

Teheran, Nov. 23.—The shah of Per-
sia has definitely decided that the peo-
ple shall not have a constitution and
his proclamation to that effect will
be posted in the mosques. It has been
evident for some time past that the
shah was becoming less and less dis-
posed to summoning parliament, and
only recently during an audience
which he gave to the representatives
of the merchants he showed signs of
anger at the mention of the restora-
tion of the constitution and dismissed
the delegates from his presence. In
his proclamation, the shah says:

"We were prepared to redeem our
promise and convoke a parliament,
but we learn from the assembled rep-
resentatives of the people that they
do not want a constitution. We have,
therefore, decided to defer to their
wishes and the clergy and ecclesiast-
ics having recognized that the estab-
lishment of a parliament would con-
flict with the laws of the Islam, we
determine that in the future under
no pretext shall such a parliament be
established.

"Nevertheless, in the interests of
right, we have given the necessary
instructions for the maintenance of
justice. We hereby summon the ec-
clesiastical body to communicate to
the whole people this, our resolve, to
protect the rights of our subjects
and frustrate the wicked designs of
evildoers in accordance with the reli-
gious law."

The "maintenance of justice," to
which the shah refers, apparently has
to do a long standing scheme to codify
the laws.

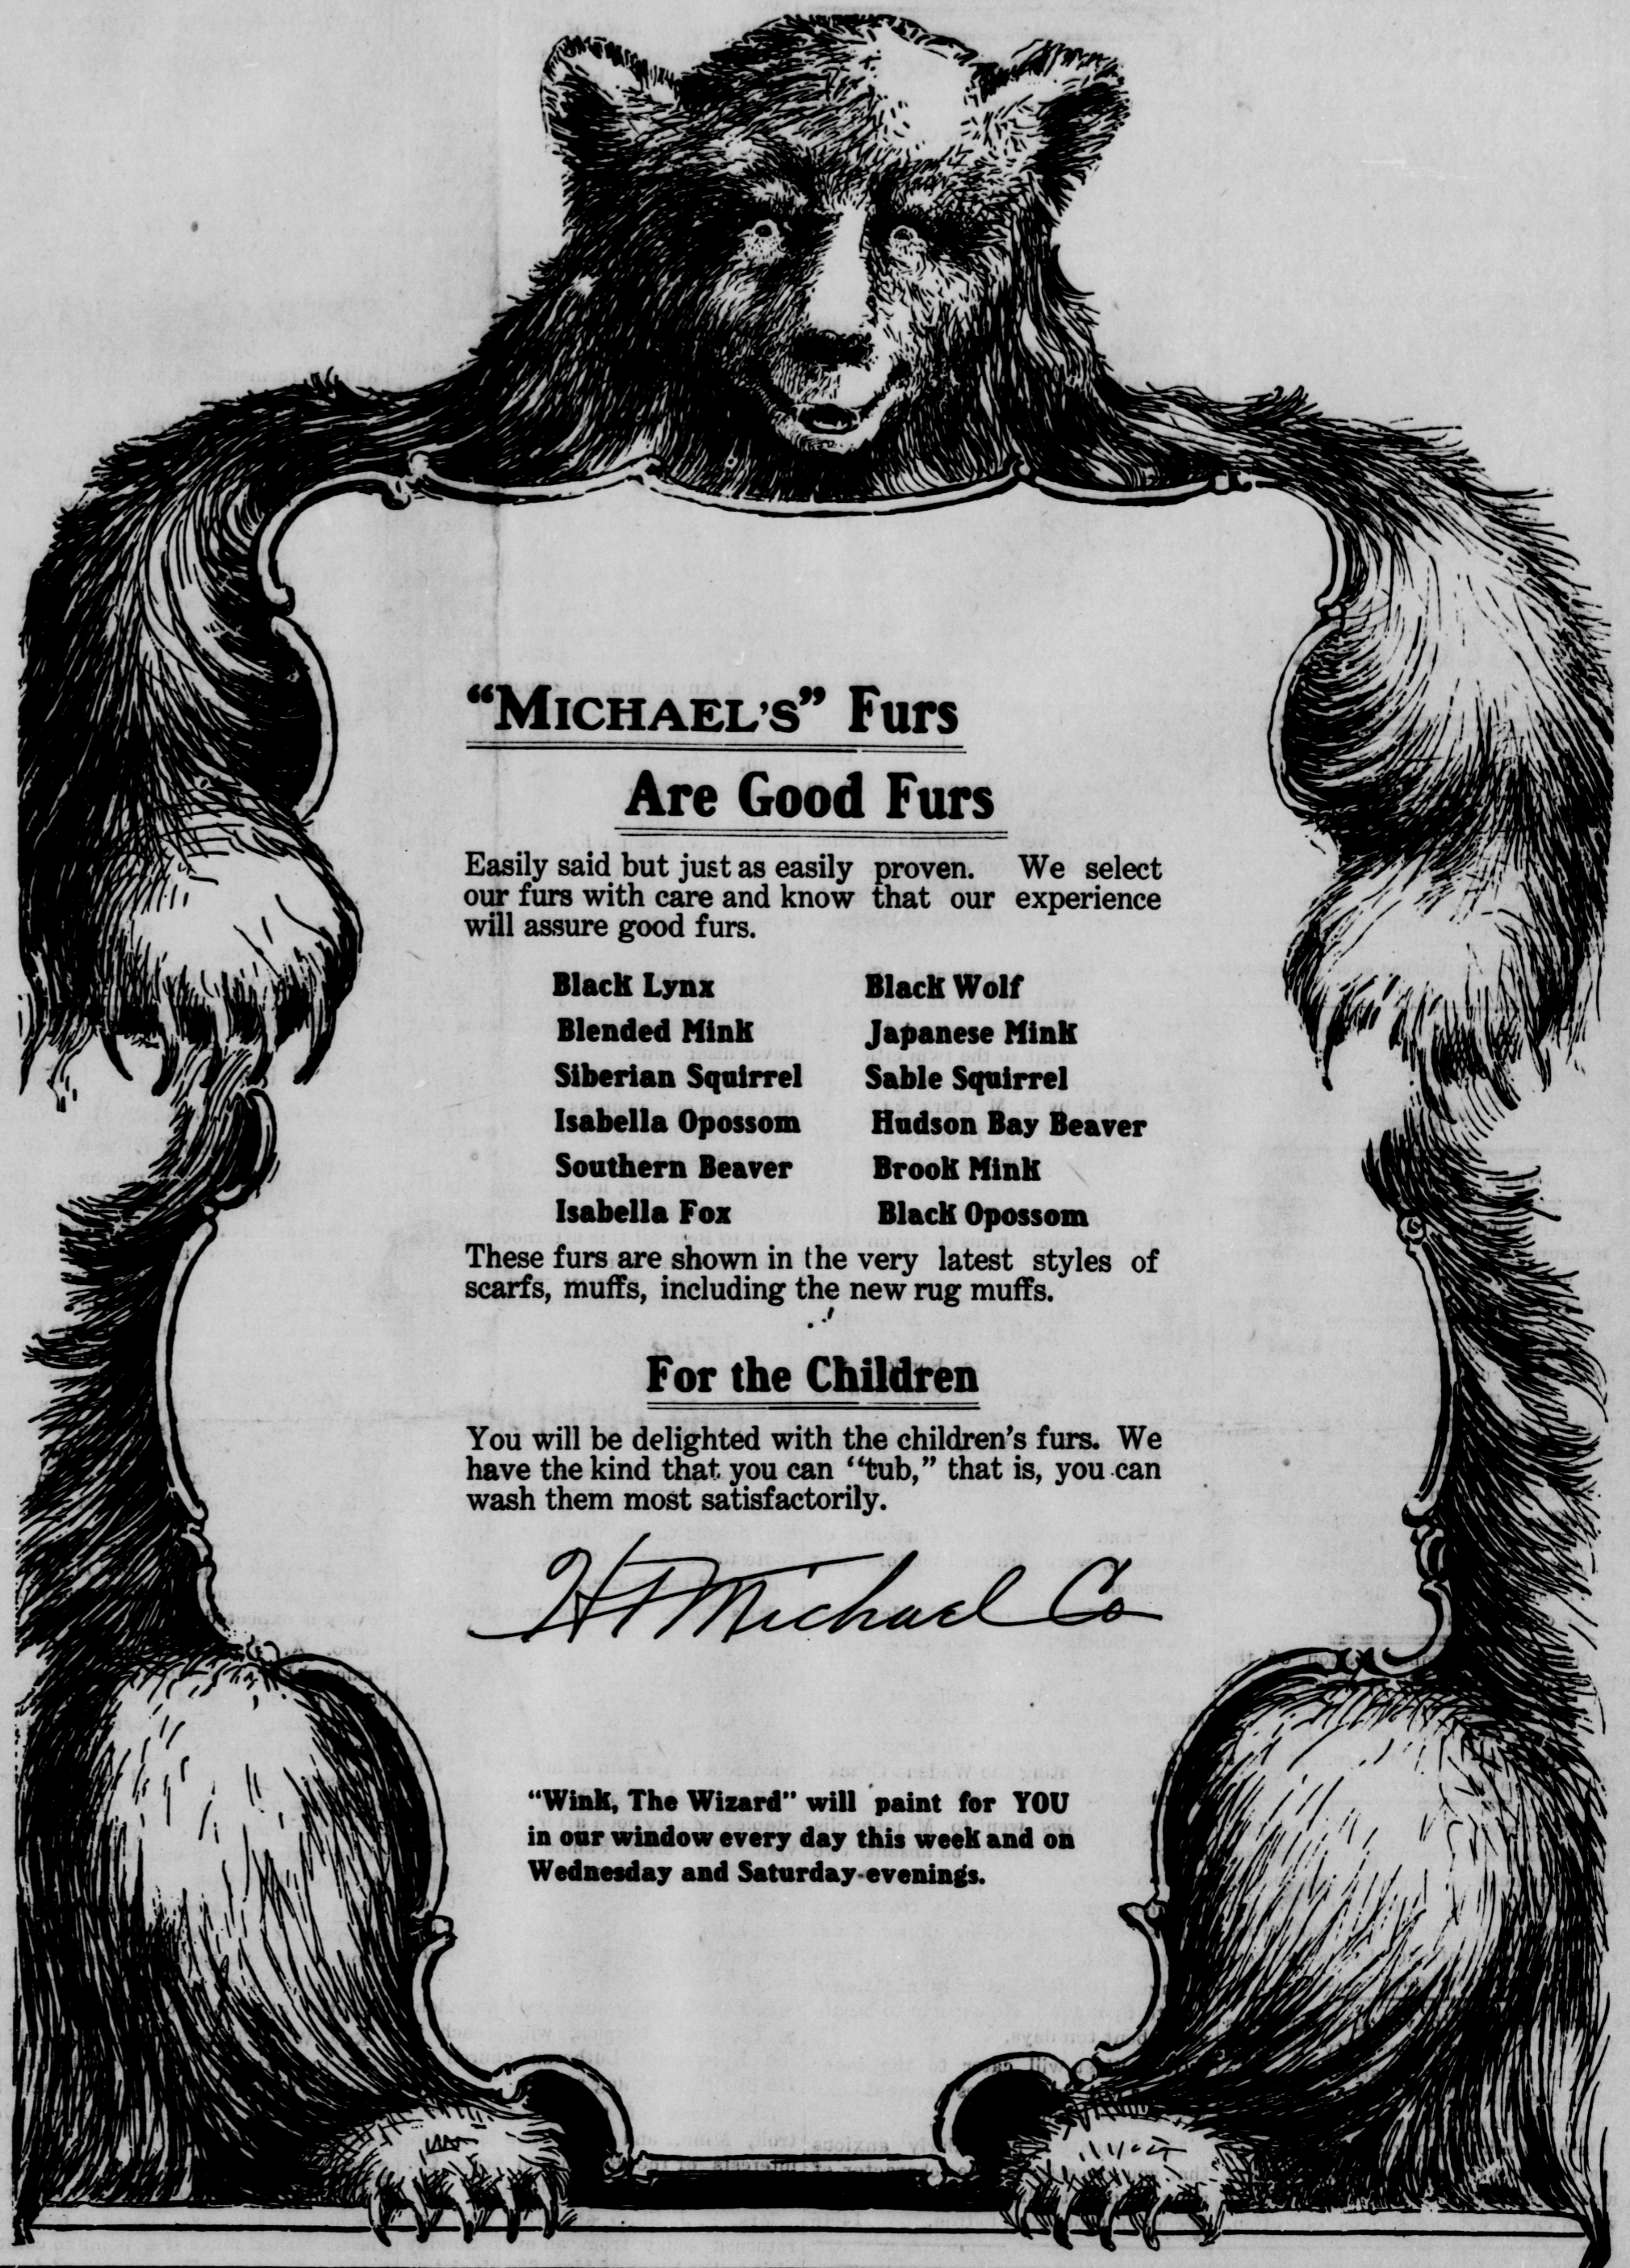

The British and Russian ministers,
who have been engaged in an attempt
to influence the shah to restore the
constitution, are now expected to
bring stronger pressure to bear in
this direction. The financial crisis,
together with the long unpaid arrears
in the salaries of the government offi-
cials and the army, also is likely to
aid the constitutional agitation.

TURKEY FOR THE PRESIDENT

Horace Vose Sends Big Bird to the
White House.

Westerly, R. I., Nov. 23.—The Rhode
Island turkey which Horace Vose
sends to the president, according to
his annual custom, to grace the table
of the White House on Thanksgiving
day, went on the execution block Sun-
day and has been shipped to Wash-
ington. It is the best of a lot of
chestnut-fed birds which have been
selected and specially reared as can-
didates for the distinction. The bird
weighs twenty-six pounds.

President Grant was the first occu-
pant of the White House to receive a
Thanksgiving turkey from the Vose
stock, and each year since then the
gift has been renewed.

"MICHAEL'S" Furs
Are Good Furs

Easily said but just as easily proven. We select
our furs with care and know that our experience
will assure good furs.

Black Lynx	Black Wolf
Blended Mink	Japanese Mink
Siberian Squirrel	Sable Squirrel
Isabella Opossum	Hudson Bay Beaver
Southern Beaver	Brook Mink
Isabella Fox	Black Opossum

These furs are shown in the very latest styles of
scarfs, muffs, including the new rug muffs.

For the Children

You will be delighted with the children's furs. We
have the kind that you can "tub," that is, you can
wash them most satisfactorily.

W. H. Michael Co.

"Wink, The Wizard" will paint for YOU
in our window every day this week and on
Wednesday and Saturday-evenings.

HOOF AND MOUTH DISEASE

Hundred Head of Cattle in Michigan
Afflicted With It.

Detroit, Nov. 23.—Dr. F. J. Fless of
the local branch of the bureau of ani-
mal industry, with two other veterina-
ries, inspected the herds of cattle in
Livonia township, twenty miles from
his city, in which hoof and mouth
disease is suspected. Four farms
were inspected and about 100 cattle
found which are afflicted with the sus-
pected disease. After his inspection
Dr. Fless said that he would not state
positively that the cattle have hoof
and mouth disease, as the sickness
resembles in some respect mycotic
omatitis. He reported the situation
to the bureau of animal industry at
Washington with a request that ex-
perts be sent at once to further ex-
amine the suspected herds, which
have been placed in quarantine. It is
said that the first outbreak of the sus-
pected disease occurred after some
cattle had been received at Shaw
cross' farm from the Detroit stock
yards.

No Bodies Yet Recovered.

New York, Nov. 23.—Confronted
with almost insuperable difficulties,
the big force of workmen engaged in
digging in the Brooklyn sewer trench
where fifteen men lost their lives in
cave-in on Friday last have so far
been unable to penetrate deep enough
to the masses of debris to get a
trace of a single one of the victims
bodies.

HUNDREDS OF LIVES IN PERIL

Steamers Collide in a Fog Off
New York City.

PANIC AMONG PASSENGERS

Wild Scene Enacted on the Decks of
the Vessels After Collision—Pres-
ence of Mind of One of the Captains
Prevented Loss of Life—Kept the
Two Ships Locked Together Until
Excitement Had Subside.

New York, Nov. 23.—The lives of
more than 500 persons were imperiled
when the fruit steamer Admiral
Dewey, inward bound from Jamaica
crashed into the steamer Mount Des-
ert, outward bound from Bay Ridge
for the fishing banks. The Admiral
Dewey, coming suddenly out of a fog
bank, struck the Mount Desert al-
most amidships, opening a gash in
the fishing vessel that extended from
the upper deck to the water's edge.
There were 450 passengers, including

20 women and 6 children, on the
Mount Desert and the Admiral Dewey
carried 45 passengers.

Panic immediately followed the col-
lision and it was due to the prompt
action of Captain Davidson of the
Dewey that a catastrophe was averted,
for the passengers on the fishing
steamer began climbing over the guard
rails of that vessel and leaped for the
deck of the Admiral Dewey. Had he
backed his steamer away many would
have fallen into the water. Captain
Davidson kept the steamer moving
slowly ahead and this held the prow
of the fruit steamer into the rent that
had been made and afforded a board-
ing place for the frightened passen-
gers of the Mount Desert.

Thus the two steamers moved slow-
ly toward the east bank of the lower
bay, while a wild scene was taking
place on the decks.

In the space of fifteen minutes fully
350 of the passengers of the Mount
Desert sprang to the deck of the Ad-
miral Dewey. By this time the Ad-
miral Dewey had pushed the Mount
Desert close to the east bank, and
Captain Davidson signalled to have
the engines stopped and a few min-
utes later the boats drifted apart.
Later the Mount Desert steamed to
South Brooklyn, where she docked to
permit the rest of the passengers to
go ashore. Meantime the Admiral
Dewey had been taken up the river to
her pier, where her own and the pas-
sengers from the Mount Desert were
landed.

MONDAY, NOVEMBER 23, 1908

REAPPORTIONMENT will be one of the measures that will occupy the time of the next legislature. The wires are already being laid by the interested ones.

THE Minneapolis Journal picks Johnson as a winner in the race now on for speaker of the next house. Johnson, Johnson, there seems to be a familiar sound in the name that will not down.

THOSE who claimed Judge Mills was a weak candidate and an unpopular one should scan the vote closely. He received more votes than either of the other candidates for railroad and warehouse commissioner.

DURING the coming session of the legislature what will be known as a "people's lobby" will be in evidence to counteract any influence the lobby of the "interests" may have. It is a Minneapolis creation.

THE brewers of Minneapolis are taking steps toward retiring from the saloon business in response to a public demand. At present more than 75 per cent of the saloons of the twin cities are owned or controlled by the breweries and wholesale liquor dealers.

SCORE one for the voting machines, as through their instrumentality the four amendments to the constitution voted on at the last election were killed, the vote of Hennepin county where the machines were in use being sufficient to at least swamp the county superintendent amendment, the one which was thought would carry without serious objection.

The machines caused so much trouble to the voters that when they reached the amendment part of the ticket the same was passed without attention. A constitutional amendment to be adopted requires a majority of all votes cast, and the lack of knowledge of what the amendments mean to the people who would vote for them under ordinary circumstances causes them to pass the question entirely and this lack of interest is what usually does the harm when even a meritorious amendment is before the people.

NO DYSPEPSIA AFTER TODAY

Prompt Relief from Indigestion and all Your Stomach Trouble

RELIEF IS WAITING FOR YOU

Don't Continue to Suffer when such Absolute Relief is so Handy and Certain

Why not start now—today, and forever rid yourself of stomach trouble and indigestion? A dieted stomach gets the blues and grumbles. Give it a good eat, then take Pape's Diapepsin to start the digestive juices working. There will be no dyspepsia or belching of gas or eruptions of undigested food; no feeling like a lump of lead in the stomach or heartburn, sick headache and Dizziness, and your food will not ferment and poison your breath with nauseous odors.

Pape's Diapepsin costs only 50 cents for a large case at any drug store here, and will relieve the most obstinate case of indigestion and upset stomach in five minutes.

There is nothing else better to take gas from stomach and cleansed the stomach and intestines, and besides, one triangle will digest and prepare for assimilation into the blood all your food the same as a sound, healthy stomach would do it.

When diapepsin works, your stomach rest—gets itself in order, cleans up—and then you feel like eating when you come to the table, and what you eat will do you good.

Absolute relief from all stomach misery is waiting for you as soon as you decide to begin take Diapepsin. Tell your druggist that you want Pape's Diapepsin, because you want to be thoroughly cured of indigestion.

UNIQUE CHANGES HANDS

Ernest H. Ilse Sells Laurel Street Theatre to W. H. Koop Who will Conduct it

Will H. Koop today purchased the Unique theatre of Ernest H. Ilse and will take possession on Monday next. Mr. Koop informs the DISPATCH that there will be no change in the working force of the theatre, for the present at least, and that he will endeavor to keep the play house at the high standard it already has and if possible to improve it. Mr. Ilse will continue in the same or a similar business somewhere else, but has not fully determined where. The gentlemen went to Aitkin on the train this afternoon to visit Mr. Ilse's theatre there.

Northwestern hospital. She is resting easily this afternoon and a speedy recovery is expected.

Geo. A. Jones, manager of the Brainerd Milling company, left for his home in Minneapolis this morning after spending Saturday afternoon and Sunday in this city.

Misses Anna Caulfield and Daisy Graham went to St. Paul on the early train this morning. They will spend a week there visiting and enjoying the sights of the cities.

Mrs. P. H. McGee and daughter Gladys, and Mrs. Maxfield, of Aitkin, came down yesterday. Miss Gladys was brought here to undergo a surgical operation at a local hospital.

Rev. W. J. Trussell returned to his home in Champlin, Minn., on the early train this morning after having preached at the First Congregational church Sunday morning and evening.

DR. BRUNS will be at the Ransford Hotel tomorrow and Wednesday. Those in need of glasses should make it a point to come early in the day. Eyes examined free.

INSTITUTE WAS A HELPFUL ONE

Sessions of Farmers' Institute
Saturday Were Full of In-
terest to all

LARGEST EVER HELD HERE

Both the Attendance and the In-
terest Easily Eclipsed any
Previous Effort

As stated in Saturday's DISPATCH, the farmer's institute held in Brainerd on that day was one of the most interesting and instructive ever held in Brainerd. The weather was beautiful and the farmers came in from far and near to attend the forenoon session comfortably filling the seating capacity of the district court room. The instructors, F. B. McLaren, of Wrenshall, C. E. Brown, of Elk River, and N. E. Chapman, of Owatonna divided the time at each session. Mr. McLaren, who is in charge of the work, opened the session with a few general remarks after which Mr. Brown took up the question of crop rotation. He urged this strongly, because of the fact that certain crops put back into soil what others removed and vice versa.

One of the crops in rotation he urged should be clover, with some timothy. The reason for the latter is that should the clover winter kill the first year in spots, because of shallow pools of water standing on the frozen ground, then the timothy will come up and give a crop of hay over the entire field. Mr. Brown advised that the clover be sowed with oats, wheat or barley one year, allowed to raise a crop of hay the next, then be plowed under. He did not deem it advisable to try to secure more than one year's crop from it at each sowing.

Mr. Brown was followed by N. E. Chapman, who talked on the farmer's garden. Mr. Chapman believes that the man who gets a square meal gets a square deal, and that if the farmer does not get three square meals a day it is his own fault because he can raise every essential part of it himself, and what he cannot raise he can trade the stuff he does raise and get. He declared for a farm garden of not less than five acres, including asparagus, rhubarb, strawberries, etc. He says there is no reason why the farmers should not live the best of any class in the world instead of the poorest, as is often the case. Mr. Chapman told how he handled a five-acre garden near Owatonna, and of the good things to be had from it. He advocated planting everything in long rows so that they could be cultivated with the corn plow, thus making it very little work, in comparison to the results, to raise a large garden. He planted peas and beans on the ground after digging his early potatoes and had green peas and string beans as late as the 12th of October. Some straw was kept alongside of the rows of beans to cover them up at night should the weather turn cold. He maintained that the variety of food which could be had without cash outlay with a good, large garden, was an important factor in keeping the family healthy and contented.

Mr. McLaren then took up the question of the dairy cow. He started out by saying that the men who declared they could tell by the looks of a cow how much butter fat she would give in the year were away off. No man can tell that by looking at a cow any more than a horseman can tell by the looks of a horse whether he can make a record of 2:30, 2:15 or 2:05. A horseman can tell when a horse is built for a trotter and when for a draft horse, a cow man can tell when a cow is built for a dairy animal or a beef producer. He then outlined the three main points to be looked for in selecting a dairy cow. First, a large "middle piece," or barrel. The digestive and assimilative organs, the heart and the lungs are in this portion of the animal; it is the manufacturing plant of the cow which turns the feed into milk and butter fat. Hence, the larger the capacity in this direction the better. The

PLEASANT PORTRAITS

Our work—we always show you at your best when you have us make your portrait.

Our facilities and apparatus—and the use of the best materials—guarantees you the best of work.

Marie A. Canan
Walverman Block, Brainerd

second essential is a large roomy frame, which is usually an indication that the animal will naturally turn its food into milk rather than into beef. The third requirement is a good, large smooth udder with four large, evenly placed teats. The udder should be large that it may hold much milk and it have large, well placed teats that the operation of milking may be easy and speedy. Mr. McLaren declared that nearly every question arising in dairying could be answered by a daily weighing of the milk from each cow and then testing it at least once a month, oftener if possible. The daily weighing will show whether or not the farmer is getting pay for the feed he is buying. It will tell whether the cows are dropping off by being turned out of doors during cold weather, etc. In fact there are few if any questions arising in the dairy business which a systematic weighing and testing of the milk of each cow will not help to solve. Especially will it show which cows are paying the dividends and which are merely star borders.

At the afternoon session there was even a larger attendance than in the forenoon. The question of dairy feeding was discussed by Mr. McLaren. He advised the feeding of one pound of feed, exclusive of rough forage, for each three pounds of milk given. Nothing is more unfair to the cows or more unprofitable to the farmer than the feeding all the cows of the herd, regardless of size or capacity an equal ration. If root crops are to be fed, then the feed ration should be cut in two and four times the weight of the grain ration fed of root crops. For example, if a cow gives 12 pounds of milk she should be given four pounds of grain. If roots are to be fed then she should be given two pounds of grain and 16 pounds of roots. Mr. McLaren is strongly in favor of the Guernsey breed of dairy cattle. He does not believe in the dual purpose cow. It does not pay to keep a cow at a loss for ten years that one may get a few more dollars for her carcass in the end.

Mr. Chapman spoke in the afternoon upon poultry. He believes the old hen should be given a square deal. He showed that the poultry products of the United States amounted to over \$100,000,000 a year. In Steele county alone last year the dealers bought 5,141 cases of eggs.

Mr. Chapman urges cleanliness and comfortable quarters for poultry, as the main essentials. Comfortable quarters, however, do not necessarily mean hot ones. The old theory that the entire south side of the hen house should be of glass is fast being relegated to the rear. The lower half of the windows, according to Mr. Chapman should be of common muslin to let in an abundance of fresh air without a draft. A heavy curtain should be arranged so that it can be let down in front of the roosting place. The warmth of the fowl's breaths will keep their combs and feet from freezing, which is as warm a temperature as they should have.

Mr. Brown talked again in the afternoon on crop rotation and also on the raising of corn.

Mr. McLaren gave a talk on the cleaning of land of stumps, showing a model of a self tripping derrick for piling the stumps.

Geo. A. Jones, general manager of the Brainerd Milling company, was present at the afternoon session and addressed the farmers on the subject of wheat raising, stating that tests of Crow Wing county wheat made at his request by the government inspection bureau at Duluth, showed it to be second to none raised in the United States.

There was a very interesting question box, the queries being answered and discussed by Messrs. McLaren, Brown, Chapman and others present. The interest of the farmers and their wives, and there were quite a number of the latter present, was shown by the way they lingered after the sessions to ask additional information. The first year there was an institute held in Brainerd, there were so few farmers in attendance that a large majority of the "Institute annuals" were left uncalled for, while Saturday the supply run short.

Raw Lungs

When the lungs are sore and inflamed, the germs of pneumonia and consumption find lodgement and multiply. Foley's Honey and Tar kills the cough germs, cures the most obstinate racking cough, heals the lungs, and prevents serious results. The genuine is in the yellow package. H. P. Dunn. m w f

Obituary

Ida, the wife of R. E. Friske, living six miles northeast of this city, died Friday, November 20, of pneumonia, and was buried in Evergreen cemetery Monday afternoon, after funeral services at the First M. E. church, conducted by Rev. Chas. Fox Davis. Mrs. Friske was born in Germany, December 29, 1865. She was married to Mr. Friske in 1885, coming to America about three years later. Fourteen years ago they removed to Crow Wing county, where they have since resided. She leaves a husband and one son, Hugo, aged 22, and four daughters, Hattie, aged 20, Mary, aged 18, Annie, aged 16 and Lucy, aged 14.

BRAINERD NOW SURE CHAMPIONS

High School Team Defeats St.
Cloud Foot Ball Team in Hot
Game Saturday

THE SCORE WAS 28 TO 5

Visiting Team Made up of Fine
Fellows, but They Were Out
Classed this Time

Brainerd High clinched its claims to the championship of north central Minnesota Saturday afternoon when it administered a crushing defeat to St. Cloud, the only team which has so far even approached being a match for Brainerd. The St. Cloud team only scored once, Robertson making a touch down on a spectacular run, when he escaped all the Brainerd players. In the first half Carlson, Alderman and Cullen each made a touch down. Horn kicked goal once. His failure to kick more successfully was because of the fact that St. Cloud insisted on using their own ball which was not a Spaulding and being slightly different in shape is hard for one accustomed to a Spaulding to kick accurately.

In the second half Carlson made a spectacular run and touch down and Ousdahl got a touch down. While the touchdowns are technically and properly credited to the men making them, in nearly if not every instance they had efficient aid from the other members of the team.

St. Cloud, though outclassed by Brainerd, put up a game fight and every score made by Brainerd was earned. They are also a very fine bunch of young fellows and were entertained Saturday evening at a high school dance at Elk's hall. A very pleasant time was enjoyed by all.

The Brainerd boys now claim, and justly, the supremacy of this section of Minnesota. They have not been beaten this year. St. Cloud tied them 0 to 0 a few weeks ago on the St. Cloud grounds, which is their narrowest escape from defeat. Both Grand Rapids and Duluth, are making newspaper claims of the championship, but they have not the record of unbroken victories to back it which Brainerd has. The former team, at least is extravagant in its claims. It has been defeated by Duluth Central high, and by Bemidji high. The latter beat Grand Rapids 5 to 0 and Brainerd took Bemidji into camp by a score of 12 to 0. Duluth has received two requests for a game from Brainerd, by letter, besides newspaper challenges but has maintained a silence which they evidently pretend to think means contempt, but which is read by the knowing ones as spelling fear. Competent judges who have seen both teams play say Brainerd, while lighter is the fastest team of the two.

On Thanksgiving the Brainerd high and the Perham high will meet on the McKay grounds in this city. Perham has been playing a good game this season, defeating the heavier and more experienced Wadena team and will put up a good game here. With good weather there will be a good crowd out, as there should be to give the boys a good financial lift.

Hexamethylenetetramine

The above is the name of a German chemical, which is one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical text books and authorities as a uric acid solvent and antiseptic for the urine. Take Foley's Kidney Remedy as soon as you notice any irregularities, and avoid a serious malady. H. P. Dunn. m w f

If You are Over Fifty Read This

STORE ROBBED SATURDAY NIGHT

O'Brien Mercantile Co.'s Store
Ransacked by Burglars who
Had Been Locked In

CLOTHING STOCK TURNED OVER

Safe, Which was Unlocked, had
Been Opened and Papers
Strewed Around Office

Someone pretty thoroughly ransacked the store of the O'Brien Mercantile Co., at the corner of Laurel and Broadway Saturday night. So far as it is known comparatively little stuff was taken however. When one of the clerks went into the store Sunday morning he found the piles of clothing strewn around as if someone had been trying to find clothing to suit them. The glove stock had also been ransacked. A couple of overcoats and a fur lined corduroy coat had been laid out near the door, and apparently left because the intruder had been scared away. The safe, which had been left unlocked, was open and the papers which it contained were scattered around the office. There was no money in the safe and so far as is known no papers of value were taken. The only things positively missed are two suits of underwear. There may have been some other clothing taken, but if so it is impossible to be certain of it.

Jay Quinn, who works in the store was accosted on the street near his home on South Broadway about 11 o'clock Saturday night. The night was dark and the only description of the man is that he was large and wore a white hat. He grabbed Quinn by the shoulder. Quinn, who is a husky young lad, did not wait for any ceremony but struck out straight from the shoulder, catching the fellow in the face and sending him to the grass. Quinn hit him a couple of kicks and the fellow took to his heels. It is of course, uncertain as to whether or not the assault and the robbery were connected in any way.

To Redden the Blood

Rich, red blood.
That is what pale, weak, nervous people need.

Red blood to form new cells and tissues, to invigorate the nerves, to strengthen the heart's action, to give energy and vigor to the organs of the body.

The elements from which nature forms rich, red blood are found in condensed and easily assimilated form in Dr. A. W. Chase's Nerve Pills and because of its wonderful blood-building qualities this great restorative has become world famous.

There is no guess work, no experimenting with this treatment. Every dose is bound to do you a certain amount of good.

Mrs. H. HARBROUGH, Mansfield, Ohio, states:—"A child of mine was pale, bloodless, weak and nervous. Dr. A. W. Chase's Nerve Pills acted splendidly, making the nerves strong the blood rich, the color good, and building up the system in every way."

The portrait and signature of A. W. Chase M. D. the famous Receipt Book author, are on every box. 50 cents at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

LOCAL NEWS NOTES

(Continued from page 2)

L. F. Newton assistant trainmaster on the Lake Superior division of the N. P., was in Brainerd today looking after the handling of the many trains of wheat being rushed through here daily.

Mr. and Mrs. Geo. H. Hoyt are the proud and happy parents of a bouncing baby boy which arrived last Saturday afternoon at St. Joseph's hospital. Mother and child are getting along nicely.

The hunters are returning from the woods in large numbers. The weather has been altogether too fine for successful hunting, and though some got the limit, many more returned empty handed.

M. K. Swartz, Floyd Seeger and H. T. Skinner enjoyed a rabbit hunt yesterday, returning with a good bag. Rabbits are reported very plenty in some places in this vicinity and very scarce in others.

Prof. Farmer, superintendent of the St. Cloud City schools, came up with the foot ball team and visited Prof. Harcley and other friends until today noon, when he left for home, going by way of Staples.

Court Magnolia, No. 54, United Order of Foresters, will give a masquerade ball in Columbian hall next Friday evening, Nov. 27. There will be good music in attendance and everybody cordially invited.

Hon. Judd LaMour returned today from a visit to his summer home at Nisswa, which he closed for the winter. He went to Minneapolis today and from there goes to his home in Pembina, N. D.

Mrs. M. Gou, of Seattle, who has been visiting her sister, Mrs. Bert Olson, the past two weeks, left this morning for Minneapolis. From there she goes to her old home in Norway to spend the winter.

Rev. Father Weurm, of Aitkin, was in the city today on his way home from St. Mathias, he having gone down Saturday to exchange pulpits with Rev. Father Bossus, of that place who was in Aitkin Sunday.

There were two cases up in the municipal court this morning charged with being drunk. Dave Abear had his case continued on his promise to go before Father O'Mahoney and take the pledge for a year.

Mrs. Wm. F. Dieckhaus, who underwent a critical surgical operation at the hands of Dr. Nicholson at the Northwestern hospital Saturday, is getting along nicely and speedy recovery is expected.

In reporting the card party given by Lola Council, No. 15, D. of P., in Columbian hall Friday evening the compositor forgot to mention that Mrs. John Mutch on Fifth street south was awarded the second prize.

Jack Doyle, a fireman on trains 9 and 10, between here and St. Paul, and Charles Isle, of Eadon, returned from a hunting trip last night. Mr. Doyle brought in two fine bucks which he took to the city this morning.

Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system. Refuse any but the genuine in the yellow package. H. P. Dunn. m w

No. 14, the early train to Duluth was two hours and 40 minutes late this morning, having been held at Staples for the coast train, No. 4. The crew of No. 14 were unable to tell the cause of the delay of the coast train.

C. N. Sonnesyn, Geo. A. McKinley and Attorneys A. D. Polk and A. T. Larson went to Mankato Sunday night on business. They expect to be absent several days. Mrs. A. D. Polk

accompanied her husband as far as Minneapolis.

Mr. Will Hudson, of Minneapolis, returned home yesterday after making a week end stay with his sister, Mrs. Geo. Williams. Mrs. Williams entertained Friday evening in honor of Mr. Hudson. Cards were played, and a Dutch lunch served.

If you suffer from constipation and liver trouble Foley's Ornio Laxative will cure you permanently by stimulating the digestive organs so they will act naturally. Foley's Ornio Laxative does not gripe, is pleasant to take and you do not have to take laxatives continually after taking Ornio. Why continue to be a slave of pills and tablets? H. P. Dunn. m w f

C. W. Koering returned today from Little Falls and Pierz, where he purchased 1500 pounds of poultry. Mr. Koering visited the new town of Pierz, which is located on the new Soo line about a mile and a half from the old town of the same name, and purchased a lot while there.

Theo. R. Jones, representative of the Acme White Lead and Color Works, of Detroit, was in the city over Sunday. Mr. Jones is covering this territory in company with M. W. Richards, salesman for the Kelley-How-Thompson Co., of Duluth, that company being agents for the Acme output.

A. J. Forsythe returned Saturday afternoon from a months visit to the Paradise, Mont., Hot Springs. He returns much improved in health. Everything is booming in the western country according to his reports. The company has built 30 cottages at Paradise.

Notice

Ladies and girls, over 15 years old, free admission and skates every afternoon this month. Come in and learn to skate any afternoon. We will have an instructor on hand to teach you. If you know how to skate you can have a pleasant time.

CASINO ROLLER RINK,
E. C. Bane, Mgr.

B. F. McLaren, who conducted the Farmer's Institute Saturday, left for his home in Wrenshall. Mr. Brown left Saturday night for his home at Elk River and Mr. N. E. Chapman went to Minneapolis Sunday, where all met today. The institute workers of the state met at the experiment station at the University of Minnesota today for a few days of normal training.

There will be a meeting of the church committee of the First Congregational church at 7:30 o'clock this evening at the church. At 8 o'clock the members of the church and congregation, including all interested in the welfare of the church will meet. These meetings are to consider the matter of extending a call to the pastorate to Rev. W. F. Trussell, of Champlin, Minn.

Major Shunk and Mr. Henry, of the United States Engineer's office at St. Paul went to Pine River Saturday, returning today after an inspection of the dam and dikes there which they report in good shape. They drove to Gull lake this afternoon to look up matters in connection with the proposed reservoir to be established there.

Money to loan on city property and improved farms.

GEORGE H. GARDNER,
5 Wise Block tf

The W. C. T. T. will hold its regular monthly meeting Tuesday afternoon with Mrs. C. H. Paine, 311 North Fifth street. There will be a business session at 3:00 o'clock, at which important business will be presented. All members are urgently invited to be present. Supper will be served from 5:30 to 7:30, price 15 cents, to which all are invited.

John Malgren and John Lindgren, of this city, who are employed as blacksmiths at the shaft of the Roger-Brown Ore Co., at Rabbit Lake, returned to their work this morning after spending Sunday at home. They report a force of 25 men at work grad-

Officers Shot by Negroes.

Tiptonville, Tenn., Nov. 23.—While endeavoring to arrest three negroes who were creating a disturbance during services at a negro church near here. Deputy Sheriffs John Hall and Burras were seriously wounded. A posse is in pursuit of the negroes.

CHINESE ENVOY ARRIVES

Will Convey to American Government the Gratitude of His People.

San Francisco, Nov. 23.—Conveying to the American government the gratitude of the Chinese people for remittance of a debt amounting to nearly \$14,000,000, Tang Shao Yi, a powerful figure in the affairs of the Chinese empire, arrived in San Francisco on the steamer Mongolia. With him was Prince Tsai Fu, a member of the royal family, and a large retinue.

Thrice in the history of the oldest nation has there arisen occasion for the appointment of such a commission as is domiciled in the Fairmont hotel, and never has a foreign power been so strongly represented through diplomatic channels during the period of a crisis of worldwide importance. In his honor the dragon flag flew from the mastsheads of a score of vessels in the bay, guns mounted on the harbor front boomed out a salute and thousands of his countrymen, silk robed or hatted, thronged the dock where his escort landed.

Not until the Mongolia dropped anchor in the harbor did Tang Shao Yi and his staff learned that the dowager empress of China was dead. In Honolulu the cable brought news of the emperor's death, but said nothing about the dangerous illness that threatened the end of the dowager empress' remarkable career. It was only when Hsu Ping Shen, the consul general at San Francisco, boarded the steamer with a score of cablegrams from the Far East, that the distinguished visitor was acquainted with the full extent of the changes that had occurred since his departure. Even the habitual Oriental reserve did not suffice to conceal his perturbation, and while dignitaries of the state and government awaited his attention, he scanned message after message, apparently unconscious of their presence. In accordance with the edict of mourning his entire party will remain practically secluded during its stay of three days in this city and the local Chinese colonies' arrangements for costly banquets and other form of entertainment have been cancelled. In other respects, however, the mission of the special embassy will be fulfilled and Tang Shao Yi, with the fifty members of his retinue will go directly to Washington, where he will remain until after the inauguration of President-elect Taft.

Eleven Persons Injured.

Cleveland, O., Nov. 23.—Frank Steinwetz, motorman, was fatally injured and ten passengers were hurt when a heavy suburban car collided with a city car on Broadway. The suburban car in attempting to run up a grade slipped and ran backwards, crashing into the city car, which was following at a high rate of speed. Steinwetz, who was on the city car, lost both legs.

DO NOT NEED PROTECTION

Andrew Carnegie Discusses "Infant Industries."

New York, Nov. 23.—A notable article from Andrew Carnegie, dealing with the tariff will appear in the forthcoming December number of the Century magazine, in which the iron master takes the position that "infant industries" no longer need protection; that the steel and other industries have now grown beyond the need of tariff protection; that duties on luxuries used by the rich should be maintained, but that those on manufactured articles should be reduced greatly, or abolished entirely, when no longer needed.

GETS BLACK HAND LETTER

Duluth Merchant Receives Threatening Missive.

Duluth, Nov. 23.—The first crime by the Black Hand bandits was committed here when Dominic Bendo, a well-to-do Italian merchant, received a letter signed by the society demanding \$500, in default of which the outlaws threatened to kidnap his little son. Bendo asked the aid of the police. A trap was set, the money being placed at the designated spot at night, the police watching from a nearby house. The outlaws evidently became alarmed, as they did not appear. Three men are suspected.

The Publisher's Claims Sustained

UNITED STATES COURT OF CLAIMS

The Publishers of Webster's International Dictionary allege that it "is, in fact, the popular Unabridged thoroughly re-edited in every detail, and vastly enriched in every part, with the purpose of adapting it to meet the larger and severer requirements of another generation."

We are of the opinion that this allegation most clearly and accurately describes the work that has been accomplished and the result that has been reached. The Dictionary, as it now stands, has been thoroughly re-edited in every detail, has been corrected in every part, and is admirably adapted to meet the larger and severer requirements of a generation which demands more of popular philological knowledge than any generation that the world has ever contained.

It is perhaps needless to add that we refer to the dictionary in our judicial work as of the highest authority in accuracy of definition; and that in the future as in the past it will be the source of constant reference.

CHARLES C. NOTT, Chief Justice.
LAWRENCE WELDON, JOHN DAVIS, STANLEY J. PELLE, CHARLES E. HOWRY, Judges.

The above refers to WEBSTER'S INTERNATIONAL DICTIONARY

A Significant Fact

No other medicine for woman's ills has any such professional endorsement as Dr. Pierce's Favorite Prescription has received, in the unqualified recommendation of each of its several ingredients by scores of leading medical men of all the schools of practice. Is such an endorsement not worthy of your consideration? Is it not a significant fact too that

Dr. Pierce's Favorite Prescription

Is the only medicine sold through druggists, for woman's peculiar weaknesses and ills, the makers of which are not afraid to print its every ingredient on its outside wrapper? Is this not worthy of your consideration if you are a poor sick invalid woman?

The formula of Dr. Pierce's Favorite Prescription will bear the most critical examination of medical experts, for it contains no alcohol, narcotics, harmful, or habit-forming drugs, and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of their several schools of practice. These authorities recommend the ingredients of Dr. Pierce's Favorite Prescription for the cure of exactly the same ailments for which this world-famed medicine is advised.

A booklet of ingredients, with numerous authoritative professional endorsements by the leading medical authorities of this country, will be mailed free to any one sending name and address with request for same. Address Dr. R. V. Pierce, Buffalo, N. Y.

It's foolish—often dangerous to accept a substitute of unknown composition in place of this time-tried medicine of known composition. Don't do it. Insist on getting what you ask for.

MILLIE ROSALINE GYPSY QUEEN

The World's Greatest Palmist lately arrived, informs the public of her wonderful powers in reading the history of one's life by examining the palm of the hand.

The Past, Present and Future

Advice given in all business matters and family affairs, lost and stolen property. She will tell you the initials of your future companions, whether true or false; tell you to what business you are best adapted; all about absent friends, whether living or dead, what planet you were born under; what part of the country is luckiest for you.

This phenomenal gift of the lady is now located in the city and can be consulted on all the affairs of life. She tells color of the eyes and hair of your future husband or wife and gives names. Call and consult her.
